

Thank you for taking my free clipart class. As a thank-you, I've put together this curated list of 15 prompts to help you see just how powerful well-structured prompting can be.

Each prompt is designed to clearly demonstrate the difference between a simple idea and a fully developed prompt by highlighting the subject, style, medium, and background.

Before you jump into the full list, take a look at these 3 quick comparisons.

This is where the magic really clicks.

Enjoy!

🌟 **Bad Prompt vs Good Prompt Examples** 🌟

Basic Teacup Illustration

Bad Prompt:
teacup

Good Prompt:
porcelain teacup with saucer and delicate floral pattern, heirloom kitchenware illustration style, hand-tinted watercolor with soft shading, slightly angled composition, clipart, isolated on pure white background, no shadow, clean edges

Butterfly Clipart Example

Bad Prompt:
butterfly

Good Prompt:
monarch butterfly with wings fully spread and intricate markings, vintage naturalist specimen illustration style, delicate watercolor with fine ink outlining, centered composition, clipart, isolated on pure white background, no shadow, clean edges

Mushroom Illustration Example

Bad Prompt:

mushroom

Good Prompt:

wild meadow mushroom cluster with varied caps and stems, antique botanical plate illustration style, hand-tinted watercolor with fine ink linework, centered specimen composition, clipart, isolated on pure white background, no shadow, clean edges

Now that you can clearly see the difference, use the prompts below as your starting point. Small changes to wording can completely transform your results, so don't be afraid to experiment. Try these in a variety of AI Generators so you can also experience the variety and styles provided by different tools.

🌟 15 Prompt Sampler 🌟
